

Moscow Is Calling

Fancy

Moscow's calling...
Moscow's calling
Moscow's calling

I'm waiting on the line
She might be coming back this time
Moscow's calling
She's on the phone to me
I know her love will always be
Moscow's calling
A secret in the air
Only the two of us can share
Moscow's calling
A mystery in my mind
You've got the answer you will find

Moscow's calling
Calling 'n calling
Moscow's calling
Moscow's calling

Moscow's calling
Calling 'n calling
She was pretending not to cry
Moscow's calling
Moscow's calling
Why did you ever say goodbye?

Moscow's calling
It took me by surprise
I feel the sadness in her eyes
Moscow's calling
An impulse in the night
To let me know if she's all right

Moscow's calling
Tears behind the smile
If you could be here for a while
Moscow's calling
I'm waiting on the line
I know she's wanting to be mine

Moscow's calling
Calling 'n calling
The way we dance the night away
Moscow's calling
Moscow's calling
I know I'll never be the same

I'm waiting on the line
She might be coming back this time
Moscow's calling
She's on the phone to me
I know her love will always be

A secret in the air
Only the two of us can share

Moscow's calling
A mystery in my mind
You've got the answer you will find
