

Little Bird

Far East Movement

Little bird, have you got a key?
Unlock the lock inside me

Yeah, I had a dream baby,
You could be high off me
You could fly for free,
If I save you baby,
Would you light the street?
'cause inside of me,
You can't breathe baby
No you can't feel your feet
But the same that
ain't that dream ain't
it burn you too hot to see
That the highest me

All my life, I've been living for love
Hold me down I'ma hold you up
Wanna go up I'mma give my love
'cause you just can't,
just can't get enough
All my life, I've been living for love
Hold me down I'mma hold you up
Money go round I'mma get my love
'cause you just can't,
just can't get enough

Little bird, have you got a key?
Unlock the lock inside me

Yeh, let's make believe baby
You couldn't fly from me
Wouldn't walk on that wire on a low,
Wouldn't lie for me
Wouldn't creep out for that dame
that time only lay asleep
But the same that ain't
that dream ain't
it burn you too hot to see
That the highest me

All my life, I've been living for love
Hold me down I'ma hold you up
Wanna go up I'ma give my love
'cause you just can't,
just can't get enough
All my life, I've been living for love
Hold me down I'ma hold you up
Money go round I'ma get my love
'cause you just can't,
just can't get enough

Little bird, have you got a key?
Unlock the lock inside me

Yeah, nothing more to see
'cause baby girl's just a fiend

When she come down
It's all a dream
Best believe birds ain't worth the steam
Little bird don't clip your wings
Baby when you get down, do you get low?
Maybe you should quit now,
When it felt it true
even what we know,
what we got worth more than dough
When you high don't fly alone

All my life, I've been living for love
Hold me down I'ma hold you up
Wanna go up I'ma give my love
'cause you just can't,
just can't get enough
All my life, I've been living for love
Hold me down I'ma hold you up
Money go round I'ma get my love
'cause you just can't, just can't get enough

Little bird, have you got a key
Wanna go down i'ma give my love
Cause you are just can't, just can't get enough
Little bird, have you got a key
Wanna go down i'ma give my love
Cause you are just can't, just can't get enough
good morning bird.
