

As Good As You

Far Too Jones

I want to be just as good as you
I want to just do the things you do
But I don't know where to go
I think I might have slipped when you came around
You never told me when to run, so here I come again

Everything is fine
Everyone will live on time
Through these limbs I watched you climb
When will I be as good...as good as you
I want to get right up next to you
I just want to breathe the breath you do
I wanna make the lies come true
Did it get too hard to hang around?
Please let me up, I've had enough
So won't you let me be now

Did I waste my time trying to find a way to be like you
I'd love to see you now
But you're hard to find
Would I kick, kill, I'd lie and steal to be...

Everything, everything is fine
Everyone will, you will live on time
Someday I know I'll finally find a way...
When will I be as good...as good as you
