

# The Ghost That Kept on Haunting

Far

I had a fight with a ghost  
The ghost of the one that I loved most  
The ghost that kept on haunting  
The one I keep on wanting  
I had a fight with a ghost  
The ghost of the one that I loved most  
The ghost that kept on haunting  
The one I keep on wanting

I hear you  
So open up, open up, I'm comin' in

Anytime I want you, I can see you again  
Yea, I can see you again  
My dear departed friend  
Anytime I miss you, I can see you again  
I can see you

My dear ghost, you're the one that I love most  
The ghost that keeps on haunting  
The one I keep on wanting

So open up, open up, I'm comin' in
