

# Say Goodbye

Fast Food Orchestra

Just like a king is looking for a queen  
I want to find a place where I have never been  
I'd give you all but I see in your eyes  
I'm not gonna be your man, it's time to say goodbye and leave it  
all

I say goodbye my brother I say goodbye my friend  
I say goodbye my sister, I say goodbye, this is the end

There's no hope left and things are getting worse  
Old table, bloody paper and twenty five last words  
Life's never been so bad and so hard  
I'll rather die but I don't wanna be Romeo

I say goodbye my brother I say goodbye my friend  
I say goodbye my sister, say goodbye this is the end
