

## Part II

### Fates Warning

are you listening  
am i here screaming?  
drowning in a silent sea  
or only dreaming?

drifting in and out  
his mind never rests  
lying in shadows  
replaying a thousand regrets

can you hear me  
am i getting through?  
a million miles away  
or here beside you?

drifting in and out  
his heart never forgets  
lying in shadows  
replaying a thousand regrets

and the minutes just pass  
as the hours change  
and the shifting sands  
slowly rearrange

drifting in and out  
his mind never rests  
lying in shadows  
replaying a thousand regrets
