## Along the Navajo Trail

**Fats Domino** 

Every day along about evenin' When the sunlight's beginning to fade I ride through the slumbering shadows Along the Navajo trail

When it's night and the crickets are calling And the coyotes are making a wail I dream by my smouldering fire Along the Navajo trail

I Love to ride and listen to the music When the wind is strummin' a sagebrush guitar When over yonder hill the moon is climbing It always finds me wishin' on a star

Well what do you know it's morning already There's a dawning so silver and pale It's time to climb into my saddle Along the Navajo trail
