

# You Know I Miss You

Fats Domino

Lordy, Lordy, Lordy, Lordy, Lordy, Lordy  
She says I need your loving and I need it very bad

You know I miss you, don't you know I want to kiss you  
You know I miss you, don't you know I want to kiss you  
'Cause I need your loving and I need it very bad

The sky is getting clearer, I know she's getting nearer  
The sky is getting clearer, I know she's getting nearer  
And when she comes home I'm gonna hold her tight in my arms
