

Habibi Albi

Faydee

Look around
Ready to make some babies
With the ladies
Leftside, Faydee
Ha-ha-ha-ha

Habibi albi
Let me lo-lo-lo-lo-lo love you like you need
You deserve somebody
To treat you like a queen, oh-oh

When you come home
She's standing there naked
She said, baby hurry up
Don't keep me waiting
She makes you feel good
Yeah, that's my baby
You got it good
So, don't you waste it (Look around)
She could be your lover
She could be your friend
She give you what you want
Make you feel like a man
But you gotta be honest
Don't tryina pretend
Don't give her any reason
To never trust again

Habibi albi
Let me lo-lo-lo-lo-lo love you like you need (I'll give you what you need)
You deserve somebody
To treat you like a queen, oh-oh
