

Choking Victim

Fear and the Nervous System

An english sub tried for treason
against his own disposition
a servant of the order
a swollen serpent full of liars
an english sub tried for treason
against a royal disposition

I took all these pennies for silver
This land will always be my home
my grave weathers years alone

so much later
still no answer

timid and trusting soul
Is it just my own burned through skins of rejection?
one exit this fireside prison of pale judgement
cruel injection

Did we take these pennies for silver?
my grave weathers years alone
this land will always be my home
Choking Victim
Choking Victim

Seal my grave up
Choking Victim
Choking Victim
breathe my name out
