

Trouble

Feed Me

Out in the slumber
Slow going under
I've been waiting for you
Wondering what I would do when
Oh, where did you go
It seems impossible but I consume your trouble
Your trouble, ooh yeah

Who does it to you, like I do, nothing
No one baby, yeah
Who does it to you, like I do, nothing
No one baby
Trouble

Your trouble ooh, yeah
Who does it to you, like I do, nothing
No one baby
