

# I Hear Little Rock Calling

Ferlin Husky

I hear Little Rock calling homesick tears a falling  
I've been away from Little Rock way too long  
I'm gonna have a worried mind till I cross the Arkansas line  
I hear Little Rock calling me back home  
I remember on that day they said son don't go away  
Now I wish I would've listened to their call  
I miss my mom and I miss my dad and the good friends that I had  
But I miss my hometown sweetheart most of all  
I hear Little Rock calling...  
I've been through a thousand towns mostly sleeping on the ground  
And the thrill of traveling this old world is gone  
I've been hungry and I've cold I've been troubled in my soul  
I'm a gonna climb the border next train home  
I hear Little Rock calling...  
I hear Little Rock calling...  
I hear Little Rock calling me back home
