

It Scares Me

Ferlin Husky

There isn't anyone in this whole wide world I trust as much as
I trust you my baby
But the thought of comin' home dear and find you've gone oh oh
how it scares me
Though I have fate in you in everything you do
It scares me just to think how it would be
The thought of someone new making love to you oh oh how it scar
es me
Though I have fate in you...
Oh oh how it scares me
