

Just Plain Lonely

Ferlin Husky

Just plain lonely without your arms around me just plain lonely
I'm missing you
I go to all our favorite places and I always play our favorite
song
I can't keep my sadness from showing and old friends keep askin
g me what's wrong
Just plain lonely without your arms around me just plain lonely
I'm missing you
I live each day by pretending that your love for me is still st
rong
Then suddenly my dream has an ending I wake up and realize you'
re gone
Just plain lonely without your arms around me just plain lonely
I'm missing you
