

Learn From A Fool

Ferlin Husky

You and your new love are gonna make it and knowing this is tearing me apart
You offered me your love I wouldn't take it
Now I'm hurting all the way through my heart
Look at me you're looking at a fool and the whole world could learn a lesson from me
If you want to know about lonely just ask me and learn from a fool
Look at me...
Just ask me and learn from a fool
