

Out Of A Clear Blue Sky

Ferlin Husky

Just like an angel you came to me out of a clear blue sky
And knowin' I saw you I fell in love out of a clear blue sky
Like a bowl of lightning you struck my heart
Then old people gave me a shot with the flame and dark
And when I knew dreams can't come true out of a clear blue sky
Just like an angel you came to me...
Out of a clear blue sky
