

# You Pushed Me Too Far

Ferlin Husky

I stood by while you flirted with my friends  
I held my tongue while you kicked me on my shins  
But this morning I found a strange necktie on the floor board o  
f our car  
Someday you'll push me a little bit too far  
I'll forgive you this time but don't ever let it happen again  
Some day you're gonna push me just a little bit too far ah of c  
ourse you did not  
Well you thought I'd be working all night long  
You had the nerve to bring your boyfriend in our home  
And now that I have found out what kind of wife you are  
Some day you'll push me a little bit too far  
Do what oh you want us to go up to our favorite spot on the mou  
ntain and make up  
Make up after what you've done to me  
Well honey I'm just like putty in your hands  
Okay come on let's broke the mountain yeah up the mountain  
Drive all way to top honey here we are  
It's like old times just bein' here with you  
Honey come a little closer over here that's it now you can get  
a better view yeah  
You say you'll never cheat again ah ah you don't know how right  
you are  
Cause now I've pushed you a little bit too far
