

So if you're gonna leave me
I've got a few words to say
I'm trouble in the morning
But you knew that anyway
And truth is you're the reason
That I wake up each day
I don't need anybody else to tell me

You are my soul rock, when the tide is up
And the waves are crashing in on me
Soul rock, when I've had enough
Of the wreck of everything
These streets got an undertow
And the city is sinking
Oh, you're the only hope I hold on to
When I'm drowning

This is for the damage
And the madness that I made
I know I can be thoughtless
But I promise that'll change
My heart may be bulletproof
But it's still gonna break

Don't say there's anybody else
Tell me, come on tell me

You are my soul rock, when the tide is up
And the waves are crashing in on me
Soul rock, when I've had enough
Of the wreck of everything
These streets got an undertow
And the city is sinking
Oh, you're the only hope I hold on to
(I don't need anybody else though)
You, you're the only hope I hold on to
(I don't need anybody else though)
When I'm drowning
