

Here's the new theology
The blood of God is on our hands
Repressed ideology
Persecute, control, command

We live in hypocrisy
Setting fire to the lie
Vengeance is victory
Ours is not to question why

Pray - say a prayer - pray for us
When we lie down in the night
Say the words - weep for us
When we've lost the will to fight

Raise your fist - show your hand
And extend your mercy now
Help us to understand
Remember God is watching you

We revel in the flesh
Cast out the chosen few
The written word that we detest
Submit - subvert - refuse

We live in hypocrisy
Setting fire to the lie
Vengeance is victory
Ours is not to question why

Pray - say a prayer - pray for us
When we lie down in the night
