

## Shake Her

### Fickle Friends

Don't let me stop you  
From living in the past, I know how to  
Meet me at the corner we both know  
So I'll be sure of where to go  
Just stop holding on for what you owe  
And can I make you see that I  
Have everything you're looking for

Oh, oh where ya wanna sing it?  
I wanna shake her up like you  
When I've nothing left to lose

I never believed her  
But I'm the only one who can see her  
But I won't stay awake to make you feel at home  
So take off all your clothes and fuck off  
And I'll show you  
And does she make you feel alive?  
If by now I know you more  
And can I make you see that I have everything you're looking for?

Oh, oh where ya wanna sing it?  
I wanna shake her up like you  
When I've nothing left to lose

Oh, how I wanna sing it  
Won't tell our parents where we've been  
But I'm still feeling shaken off  
This love is not enough for us  
Your lips are moving ahead  
You're all over me, you shouldn't be  
And I was never a threat to her

Oh, oh where ya wanna sing it?  
I wanna shake her up like you  
When I've nothing left to lose

Oh, how I wanna sing it  
Won't tell our parents where we've been  
But I'm still feeling shaken off  
This love is not enough for us
