

## The First Step

Fiction Factory

Closer than this  
It burns her heart like a sun-struck desert plain  
Closer than this  
Lost this soul in the sand that knows no rain

More bitter than this  
A taste that's sour for years and she can't lose  
More bitter than this  
Cross my heart and hope to God you

Stop!  
We brave the strength of our emotions all our lives  
It turns creation and elation into strife

The first step is the hardest  
And some things are even left alone

More pressure than this  
This brittle love reveals a flaw  
More pressures than this  
A subtle beauty is no more

Further than this  
It devastates the peace we fought to fake  
Further than this  
And peace will flourish only when we

Stop!  
We brave the strength of our emotions all our lives  
It turns creation and elation into strife

The first step is the hardest  
And some things are even left alone

I know the truth lies here  
It's basking in glory  
And as for the lies we read about  
Another story, this is another story,,,

The first step is the hardest  
And some things are even left alone

This is another story...
