

# Working To Work

Field Music

Working to work  
And you pay to play  
Taken to task  
To spend another day going home and  
Diving to drown  
I'm coming up for air  
Working to work

Change

You have the time  
So do what you like  
Leisure is useless  
When you find  
That nothing is  
Easy when you're

Working to work  
And you pay to play  
Taken to task  
To spend another day going home and  
Diving to drown  
I'm coming up for air  
Working to work

Change

(what do you do, what do you do  
what do you do, what do you do)  
What do you do  
What can I say  
Where do I work  
What do I get paid

Suddenly you know me  
And I know you too  
Suddenly you know me  
What do you do

(what do you do, what do you do  
what do you do, what do you do)  
What do you do  
What do you mean  
Where am I with  
Or where've I been

Suddenly you know me  
And I know you too  
Suddenly you know me  
What do you do

Easy when you're

Working to work  
And you pay to play  
Taken to task  
To spend another day going home and

Diving to drown  
I'm coming up for air  
Working to work

Change

Working to work  
And you pay to play  
Taken to task  
To spend another day going home and  
Diving to drown  
I'm coming up for air  
Working to work
