## Fields of the Nephilim

Can you hear me now?  
Can you feel?  
Can you see me now?  
Then reveal  
(Which way from here?)  
Feel  
(Which way from here?)  
Look away  
Your time has come  
Turn away  
Are you happy here?  
Open the door  
Let me in  
Face me now  
And burn within  
Awaken us  
Don't you throw it all away  
There's a place for us  
I know another way  
How does it feel?  
Everytime/Everytime(?)  
Now you will feel  
That I'm on your side  
How do you feel?  
Does it burn inside?  
Do you know?  
Things to come?  
Don't you know?  
Do you not believe? (Nephilim)  
See/Save(?)....  
See beyond the lie/Save your new life(?)  
And move lunch\*  
Until you feel inside  
Not for them/Nephilim(?)  
(Which way from here?)
