

Sauced Up

Fifth Harmony

We can get sauced up
Forever we're young, we'll never get old
'Cause when I get sauced up
I be like, so what?
So what, so what
So what, so what
(H money...)

Your flow, no go
Don't you know I'm fluent in the bro-code?
I can make you come up off the bands though
Drop a couple, show me what you came for (Ah)

Disaronno on the rocks (On the rocks)
Fireball, lemon drop (Lemon drop)
One o'clock on the dot (On the dot)
Shut up, boy, you talk a lot (Uh)

So what we on right now? (Right now)
What we doing' right now?
I don't want no problems, I want power
I'm drivin', you follow

We can get sauced up
Forever we're young, we'll never get old
Blame it on drunk love
We can explain it all tomorrow
I'll show you how to rock with the bass down low
I'll show you how to rock the way I roll
'Cause when I get sauced up
I be like, so what?
So what, so what

Sauced up, sauced up
Be in my feelings when I'm sauced up
I be in my bag, feelin' bossed up
If it make you mad, baby, so what?

Disaronno on the rocks (On the rocks)
Fireball, lemon drop (Lemon drop)
It's one o'clock on the dot (On the dot)
Shut up, boy, you talk a lot (Uh)

So what we on right now? (Right now)
What we doing' right now?
I don't want no problems, I want power
I'm drivin', you follow

We can get sauced up
Forever we're young, we'll never get old
Blame it on drunk love
We can explain it all tomorrow
I'll show you how to rock with the bass down low
I'll show you how to rock the way I roll
'Cause when I get sauced up
I be like, so what?
So what, so what

What a night, what a feelin'
Cup of ice to the ceilin'
Put your cards on the table
Keep it a hundred, baby, show me what you made of
So what we on right now? (Right now)
What we doin' right now?
I don't want no problems, I want power
I'm drivin', you follow

We can get sauced up
Forever we're young, we'll never get old
Blame it on drunk love, yeah
We can explain it all tomorrow
I'll show you how to rock with the bass down low
I'll show you how to rock the way I roll
'Cause when I get sauced up
I be like, so what?
So what, so what

Sauced up, sauced up (Oh)
I be in my feelings when I'm sauced up (So what)
I be in my bag, feelin' bossed up (Ooh whoa)
If I make you mad, so what, so what
Sauced up, sauced up (Oh)
I be in my feelins when I'm sauced up (So what)
I be in my bag feelin' bossed up (Mmm)
And if it make you mad, so what, so what
So what, so what
So what, so what
