

This Is How We Roll

Fifth Harmony

This is how we roll
We stay in the street and get it all week 'cause
This is how we roll
We gotta get out, can't stay in the house 'cause
The party don't end, every weekend
Turn up baby burn up, again and again
This is how we roll
We rolling, we rolling, we rolling

Everybody in the party
If you came here to party
Better move your body
Damn look at that body
Everybody in here
Put your hands in the air
Wave em like you don't care
Let me hear you say yeah

This place is jumping'
We keep it bumpin'
The boys keep watching
Wanna leave with something

We making it clap
Clap clap clap clap
We don't need hands for that
That that that that 'cause

This is how we roll
We stay in the street and get it all week 'cause
This is how we roll
We gotta get out, can't stay in the house 'cause
The party don't end, every weekend
Turn up baby burn up, again and again
This is how we roll
We rolling, we rolling, we rolling

Get wild and crazy
If you wanna get crazy
So free so young
So you can't blame me, yup

Let's get this clear
All the boys over there
Keep looking over here
But we don't care

This place is jumping
We keep it bumping
The boys keep watching
Wanna leave with something

We making it clap
Clap clap clap clap
We don't need hands for that
That that that that 'cause

This is how we roll
We stay in the street and get it all week 'cause
This is how we roll
We gotta get out, can't stay in the house 'cause
The party don't end, every weekend
Turn up baby burn up, again and again
This is how we roll
We rolling, we rolling, we rolling

Pull your camera out
'Cause someone's gonna wanna see this
Take a picture snap it
Aye, post it for the world

'Cause when we going out
We run the town
Better believe it
We gonna be sexy sexy
Me and my girls, girls, girls

This is how we roll

This is how we roll
We stay in the street and get it all week 'cause
This is how we roll
We gotta get out, can't stay in the house 'cause
The party don't end (the party don't end), every weekend (every weekend)
Turn up baby burn up, again and again
This is how we roll
We rolling, we rolling, we rolling
This is how we roll
