

## If It Hurts

## Fight or Flight

From every thought  
To every step I take  
To every meaning  
I never thought  
I'd be the one to break  
Or be so needy

Are you the handful  
The weak or the hopeful  
Are you the tried  
The freak or the noble

If it hurts to see  
Then keep your eyes closed  
If it hurts to think  
Don't let your mind go

Do you feel controlled  
Let somebody know

From every touch  
To every last mistake  
I faced the fire  
I chased the love  
I've broken up  
And now I'm left the liar

If it hurts to see  
Then keep your eyes closed  
If it hurts to think  
Don't let your mind go

Do you feel controlled  
Let somebody know

No way

Are you the handful  
The weak or the hopeful  
Are you the tired  
The freak or the noble

I won't take  
No for an answer  
No way [2x]

Do you feel controlled  
Let somebody know

If it hurts to see  
Then keep your eyes closed  
If it hurts to think  
Don't let your mind go [2x]

Do you feel controlled  
Let somebody know [3x]
