

Escape

Fight The Fade

You can't escape the things you know
When you don't know what you want
You can't run from the truth of it
When you find out what it's worth
You can't stay true to yourself if you can't break the confines
of the night
You can't escape
You can't escape

This love is what I need
(I can't escape)
This love will set me free
(I can't escape)

Tell me what you would do if your dreams fell to the floor
Would you find the strength inside to pick up and move on?
Or would you be overrun by the darkness around you and fall to
the floor?
Love is a light
Love is a light

This love is what I need
(I can't escape)
This love will set me free
(I can't escape)
This love is what I need
(I can't escape)
This love will set me free
(Cause I can't escape)

Set me free! (3x)
I will run
The night alone into the storm
So come with me
A ruined life turned away

This love is what I need
This love will set me free

This love is what I need
(I can't escape)
This love will set me free
Cause I can't escape! (x3)
