

# Matter Of Time

## Fight The Fade

(It's a matter of time)  
(It's a matter of time)

It's exhausting trying to understand  
Your intentions and your master plan  
I'm running a race that I can't win  
Cause I'm on eggshells with every step

The sands of time are running low  
(Revolution's coming for you)  
Once they're gone, watch this unfold

The iron's hot  
If you're ready or not  
(We'll strike)  
You'll learn you're not immune  
It's a matter of time  
'Til you face your crimes  
(You'll find)  
Your numbered days are few

You can only run so far  
Until your heart caves in  
Because once the truth comes out  
You'll learn who are your real friends

The sands of time are running low  
(Revolution's coming for you)  
Once they're gone, watch this unfold

The iron's hot  
If you're ready or not  
(We'll strike)  
You'll learn you're not immune  
It's a matter of time  
'Til you face your crimes  
(You'll find)  
Your numbered days are few

(It's a matter of time)  
(It's a matter of time)

It's a matter of time (time)  
Until you find find find (find)  
That I'm done crying (crying)  
Yeah today I choose  
I'm coming after you  
(Coming after you)

The iron's hot  
If you're ready or not  
(We'll strike)  
You'll learn you're not immune  
It's a matter of time  
'Til you face your crimes  
(You'll find)  
Your numbered days are few

(It's a matter of time)  
(It's a matter of time)  
Your numbered days are few  
(It's a matter of time)  
(It's a matter of time)  
Your numbered days are few
