

It's Got to Be Right Now

Filter

Sing it to me
So much wrong
'Cause like a slow mo movie
Untie the night

You can change the world tonight
Or change the world you made

Bring it to me
So much more to me
Face too tainted
You are seeming

It's got to be right now
It's got to be right
It's got to be right now
It's got to be right
It's got to be right now
It's got to be right
It's got to be right now

Come to us
Shining beauty
It's too hard to row in
Stick it to me

You can change the world tonight
Or change the world you made

Bring it to me
So much more to me
Face too tainted
You are seeming

It's got to be right now
It's got to be right
It's got to be right now
It's got to be right
It's got to be right now
It's got to be right
It's got to be right now

It's so much, I'm torn
You're wasting time
Just admit defeat
I know you must hear me

I won't take defeat
Having you inside
My heart goes numb

Bring it to me
Untie the knot

You can change the world tonight
Or change the world you made

Bring it to me
So much more to me
Face too tainted
You are seeming

It's got to be right now
It's got to be right
It's got to be right now
It's got to be right
It's got to be right now
It's got to be right
It's got to be right now
