

## Stuck in Here

Once again I'm stuck in here  
Once again I'm in low gear  
Once again I have a fear  
Once again I'm stuck in here

Hey just close the door  
Think back and just ignore  
Hey just close your eyes  
Think back and realize

Oh no, I'm stuck in here  
Oh no, still stuck in here

What makes you think that it's okay?  
Don't start it off don't relate  
Take the job but not the pay  
Forget the hours but not the day

Hey just close your eyes  
Think back and realize  
Hey just close the door  
Back up and just ignore

Oh no, i'm stuck in here
