

Do What You Want

Firefall

Make a decision, you can't turn around
It's complete, it's finally killing you
You're lackin' precision, it bothers you so
You can't make it without someone tellin' you.

Do what you want, there is always a way
In this life you've been given
Don't throw any of it away
Make her your lady and keep her alive
With your love and good feelin'
She'll know if you're tryin'.

There's no execution, you've fallen behind
In a world where it's all up ahead of you
You've seen the solution, you say you know why
There's a tear in the eye you've been seeing through.

Do what you want, there is always a way
In this life you've been given
Don't throw any of it away
Make her your lady and keep her alive
With your love and good feelin'
She'll know if you're tryin'.
