

## Forever More

### Firefall

You are the one  
The everlasting song within my heart  
May the lovin' never stop  
Forevermore

I gave you my name  
You said you'd always be my friend  
Will you love me till the end?  
Forevermore (Forevermore)

And I love how you touch me  
In the middle of the night  
I love the way you hold me close  
Your touch gives me life (Forevermore)

Our love never changes  
With all that we've been through  
I know that forevermore  
I'll be loving you (Forevermore)  
(Forevermore) Loving you

Windows of time  
Open for everyone to see  
How we love so openly  
Forevermore (Forevermore)

And I love how you touch me  
In the middle of the night  
I love the way you hold me close  
Your touch gives me life (Forevermore)

Our love never changes  
With all that we've been through  
I know that forevermore  
I'll be loving you (Forevermore)  
(Forevermore) Loving you  
(Forever)

Our love never changes  
With all that we've been through, no, no  
And I know that forevermore  
I'll be loving you (Forevermore)  
(Forevermore) Loving you  
(Forever)
