

Gold River

Firefall

Takes all kinds of money to do the things you do
I've never seen nobody in my life like you
And if it's not designer, you want to take it back
And if it doesn't glitter, it's a heart attack

There's something missing, girl
In your perfect world
It's love all the money won't buy

If I had a gold river (Gold river)
To give you (To give you)
It wouldn't be enough to make you mine, no (Make you mine)
If I had a gold river (Gold river)
To give you (To give you)
It wouldn't be enough to make you mine, no (Make you mine)

You always have a party to follow you around
Just to keep you going while you paint the town
Fly to Monte Carlo, back to Saint Tropez
The world is handed to you on a silver tray

There's something missing, girl
In your perfect world
It's love all the money won't buy

If I had a gold river (Gold river)
To give you (To give you)
It wouldn't be enough to make you mine, no (Make you mine)
If I had a gold river (Gold river)
To give you (To give you)
It wouldn't be enough to make you mine, no (Make you mine)

There's something missing, girl
There's something missing, girl
There's something missing, girl
There's something missing, girl
It's love all the money won't buy

If I had a gold river (Gold river)
To give you (To give you)
It wouldn't be enough to make you mine, no (Make you mine)
If I had a gold river (Gold river)
To give you (To give you)
It wouldn't be enough to make you mine, no (Make you mine)

If I had a gold river (Gold river)
To give you (To give you)
It wouldn't be enough to make you mine, no (Make you mine)
Gold river (Gold river)
To give you (To give you)
It wouldn't be enough to make you mine, no (Make you mine)

No no no, no no no, no no no, no no no (Gold river)
(To give you) It wouldn't be enough to make you mine, oh no (Make you mine)
No no no, no no no, no no no, no no no (Gold river)
(To give you) It wouldn't be enough to make you mine, no (Make you mine)

Gold river (Gold river)

Gold river

(To give you) It wouldn't be enough to make you mine, no no (Make you mine)

(Gold river)

(To give you)
