

## Head On Home

Firefall

When you're tired of runnin' to nowhere  
And you're weary of people who don't care  
Head on home  
Home awaits you  
To return to, yeah  
When the tears keep coming too often  
And there's no more smile to get off on  
Head on home  
Home awaits you  
To return to, yeah  
Tellin' your lies to young sisters and brothers  
And you know there's no love that can match  
Your own mother's at home  
Home awaits you  
To return to, yeah
