

# Lightning

## Fireflight

You're born to light it up, with your electric love  
You make them feel afraid, because you're dangerous  
They'll never understand, cause you're a mystery  
They can't contain your energy

You've been betrayed, you've been knocked down  
Hurt by the way they've pushed you out  
You were never made to fit the mold  
Be a supernova and explode  
You were never made to fit the mold  
Be a supernova

You're born to light it up, with your electric love  
You make them feel afraid, because you're dangerous  
They'll never understand, cause you're a mystery  
They can't contain your energy  
Cause you are lightning  
Woah  
You are lightning  
Woah

Now is the time don't be afraid  
To show the world you can be brave  
You were never made to fit the mold  
Be a supernova and explode  
You were never made to fit the mold  
Be a supernova

You're born to light it up, with your electric love  
You make them feel afraid, because you're dangerous  
They'll never understand, cause you're a mystery  
They can't contain your energy  
Cause you are lightning  
Woah  
You are lightning  
Woah

Make it bright  
Make it bright  
Bring the light  
Bring the light  
Break the night  
Break the night

Make it bright  
Make it bright  
Bring the light  
Bring the light  
Break the night  
Break the night

You're born to light it up, with your electric love  
You make them feel afraid, because you're dangerous  
They'll never understand, cause you're a mystery  
They can't contain your energy  
Cause you are lightning  
Woah

You are lightning  
Woah  
Cause you are lightning  
Woah  
You are lightning  
Woah
