Color the trees
Color the oceans
Speak your mind it's time for a new devotion

Color the trees
Color the oceans
Speak your mind it's time for a new devotion

We once were the loved ones
We once were the lost ones
Dancing every night
To keep the pain away

Follow the sun
Follow the beat
Move our feet, it's time for new devotion

Color the trees
Color the oceans
Speak your mind, it's time for a new devotion

You should never walk alone
Keep the hope close inside
Cause there is more where this came from
This is the last goodbye

You should never ever walk alone
Keep the hope close inside
Close inside...

We once were the loved ones
We once were the lost ones
Dancing every night
To keep the pain away...
