

# Dirty Girl

Fisher

I had your name  
In my head with â??Mrs.â?? on it  
You had no clue what  
Mine was but I did not care  
I came looking  
For the mate of my soul you were  
Out looking for someone just for the night

So here I go again, Dirty Girl, lay me down  
Pleased to meet you  
There you go, now you know a dirty girl  
Pleased to leave me  
Oh, don't say good-bye

I fell asleep  
To the sound of your heart beating  
But I woke up when  
You asked me to please leave  
You said â??Nothing personal it's impossibleâ??  
You can't fall asleep  
With a girl you don't know, well, ah hell

Here I go again, Dirty Girl, lay me down  
Pleased to meet you  
There you go, now you know a Dirty Girl  
Pleased to leave  
You always say good-bye  
Why do they always say good-bye?

Walking home 4 a.m. once again
