

Annihilation

Fit for a King

(Rebuild, redemption
Rebuild, redemption)
Rebuild, redemption
Welcome annihilation
Oh
Yeah

I feel the grip, I feel the strain
Years of empty empathy
A broken hand filled with greed
Only myself, I deceive

I didn't ask for this, but it came for me
There's only one way out
To taste destiny

Rebuild, redemption
Welcome annihilation
Welcome annihilation
Tear down your prison
Welcome annihilation

I see the promise in every one of us
But the choices we make
They will define us
(They will define us)

(Rebuild, redemption
Rebuild, redemption)

Rebuild. Redemption
Welcome annihilation
Tear down your prison
This is annihilation
Welcome annihilation
Tear down your prison
Welcome annihilation
