Generation Dead

Five Finger Death Punch

I look around and all I see is evil Walking dead disguised as real people It's kill or be killed 'cause life is not forever It comes apart and then it falls together I am what you made me 'Til death do I part It's the world I've grown to know Unforgiving and so cold Take it away Take it away I don't want it It's a life I'm forced to live I've got nothing more to give Take it away Take it away I don't want it anymore We're generation dead We're dead You see yourself as such a fucking shepherd But you trip the blind and then you curse the leper Do you really want my true opinion? You've taken more than you've ever given You are what you are Until death do you part It's the world I've grown to know Unforgiving and so cold Take it away Take it away I don't want it It's a life I'm forced to live I've got nothing more to give Take it away Take it away I don't want it anymore Generation dead It's the world I've grown to know Unforgiving and so cold Take it away Take it away I don't want it It's a life I'm forced to live I've got nothing more to give Take it away Take it away I don't want it anymore

It's the world I've grown to know Unforgiving and so cold Take it away Take it away I don't want it

It's a life I'm forced to live I've got nothing more to give Take it away Take it away I don't want it anymore

We're generation dead We're dead
