

## Wicked Ways

### Five Finger Death Punch

I should have seen this  
From a mile away  
I should've never let you get that deep inside  
You're an actress  
I can't believe a word  
You'd say anything to get anywhere in life

Stumble back to where you came from  
Wide awake and falling on your face  
You've got an evil wicked way  
Of saying I love you, I'd love to  
Tear away from everything you are  
You've got an evil wicked way about you, I hate you!

Like a virus  
That spread throughout my veins  
You're incurable and such a waste of time  
You're an angel  
But only in your head,  
You'd hurt anyone  
To get anything in life  
Slither back to where you came from

Wide awake and falling on your face  
You've got an evil wicked way  
Of saying I love you, I'd love to  
Tear away from everything you are  
You've got an evil wicked way about you, I hate you!

Who do you think you are?  
Who do you think you are?  
Who do you think you are?  
Who do you think you are?  
Who do you think you are? (so cold)  
Who do you think you are? (so cold)  
Who do you think you are? (so cold)  
Who do you think you are?

Wide awake and falling on your face  
You've got an evil wicked way  
Of saying I love you, I'd love to  
Tear away from everything you are  
You've got an evil wicked way about you, I hate you!

Who do you think you are?  
Who do you think you are?  
Who do you think you are?  
Who do you think you are?
