

I Can Show You Love

Five Star

Looking through the times
That we both share
They were oh so beautiful
You were here
Loving me
Two hearts together

I just want to know
How you're feeling
Baby, it's clear
I need you here
Oh, you know
It's my heart revealing
All of its fears tonight

I can show you love
Like no other, baby
I can show you love
I can show you love
You can be my baby
I can show you love
Ah yeah

My life is here
With you in my arms
I love you forever
(Come over here) Come over here
And keep me warm
I need your loving

I miss the smile
It said so much
Baby, come here
My mind is clear
Oh, you know
I can't help my feelings
Come stay with me tonight

'Cause baby, I can show you love
Like no other, baby
I can show you love
I can show you love
You can be my baby
I can show you love
Ah yeah

I can show you love
Like no other, baby
I can show you love
I can show you love
You can be my baby
I can show you love
Ah yeah

Ah ah, bop, bop, bop...

I can show you love

Show you love

I just want to know
How you're feeling
Baby, it's clear
I need you here
Oh, you know
It's my heart revealing
All of its fears tonight

'Cause baby, I can show you love
Like no other baby
I can show you love
I can show you love
You can be my baby
I can show you love

I can show you love
Like no other, baby
I can show you love
I can show you love
You can be my baby
I can show you love
Ah yeah
