

Do It Again

Five Times August

So you got what you want out of me
Took me for the ride but you never bothered saying goodbye
No return, I burn
Everything you learned put me in detention
Now you've got so much attention from me
But I'd do it again

'Cause when she starts leaving
My heart stops beating once again
And when she starts waving,
My heart starts breaking up again
But I'd do it again

So I got what I want out of you but I choose to keep real close
Keep it so nobody knows
What I have, is all that I have
And I'm so afraid of losing,
And I'm so afraid of bruising
'Cause I've been here before but I still want more and I'd do it again, I'd do it again

'Cause when she starts leaving
My heart stops beating once again
And when she starts waving,
My heart starts breaking up again
But I'd do it again

'Cause when she starts leaving
My heart stops beating once again
And when she starts waving,
My heart starts breaking up again
But I'd do it again
