

# Roll Into You

Five Times August

I'm fine  
It's 45 after 9  
Looking up sideways  
I can't wait for you to make your move

You're mine  
At least you are tonight  
But I've been getting so frustrated hanging on the line

What are you waiting for?  
I couldn't want you more right now  
I've never felt so unsure  
All signs point in your direction  
Start it now, lets get this perfection rolling

And I'm great  
I hope it's not too late  
We've been weaving out and in all night, wasting time  
So do you feel like I do or do you just feel like you?

What are you waiting for?  
I couldn't want you more right now  
I've never felt so unsure  
All signs point in your direction  
Start it now, lets get this perfection rolling

And in my mind I know it's fine,  
I know it's time to make it right  
But you don't seem to see the signs  
So I guess the only thing is to put it all on me

What are you waiting for?  
I couldn't want you more right now  
I've never felt so unsure  
Cause all signs point in another direction  
All my affection was for rejection  
I'm rolling to you
