

## 1st Freedom

Flame

We about to forfeit our first freedom  
Run and get your constitution kids  
You are now looking through new lenses, new hinges  
The door swings and the future enters  
Don't it feel like we've been here before  
In other times on American soil  
I guess we're spoiled and pretend to ignore you  
Because we're loyal to sin and immoral  
Sweet land, (remember that) sweet land, (remember that) When we  
said "One nation under God indivisible"?  
Sweet land, (remember that) sweet land, (remember that) When we  
said "Let freedom ring to every individual"?  
Sweet land, (remember that) sweet land, (remember that) When we  
said "It was innate to express your religious liberty"?  
Sweet land, (remember that) sweet land, (remember that) Then te  
ll me why we quickly dismissing our own history  
To our own misery

My country 'tis of thee  
Sweet land of liberty  
To thee I sing

We about to forfeit our first freedom  
Run and get your constitution kids  
Witness the moral revolution kids  
Raise your hand you know what macro-evolution is  
Keep'em up you know what macro-evolution did  
Such an intrusion into the institutions it did  
A lot of damage to the youth and polluting the kids  
And scholars got college students doubting the truth again  
It's absolute  
(Sweet land, sweet land) Some will say it started with Charles  
Darwin and evolution  
(Sweet land, sweet land) And now it has evolved and its causing  
a moral revolution  
(Sweet land, sweet land) We ignore the constitution and removin  
g God from the solution  
(Sweet land, sweet land) So now Christians in American start pr  
eparating for persecution

My country 'tis of thee  
Sweet land of liberty  
To thee I sing

My country 'tis of thee  
Sweet land of liberty  
To thee I sing

Being Christian in America meant we were protected by the constitution. Being Christian in America meant our government could not interfere with our doctrines, disciplines, exercises, or institutions. And now through the secularization of the culture a new moral norm is being instituted. Today being christian in American means social execution if our religious liberties conflict with a more liberal resolution. They can threaten our freedom of speech, job security and other forms of exclusion, but one thing we've learned from history through the blood of the martyrs they can never stop the movement!

You are the light of the world / of the world / of the world [repeat]

You are the king on the throne / on the throne/ on the throne [repeat]
