

ENERGY

Flame

I got the energy. Energy, energy, energy, energy, energy, energy
I got the energy. Energy, energy, energy, energy, energy, energy
See, I'm gon tell them 'bout the remedy
Yeah! They killed Him like the Kennedy
Then He rose 'gain, somehow can it be
And He's coming back oh, Lord remember me
I got the energy. Energy, energy, energy, energy, energy, energy
I got the energy. Energy, energy, energy, energy, energy, energy
See, I'm gon tell them 'bout the remedy
Yeah! They killed Him like the Kennedy
Then He rose 'gain, somehow can it be
And He's coming back oh, Lord remember me
(I got the energy)

All of the homies on guard
We giving them all that we own
We've been dealing the part that we know
But we late 'cos we already woe
Everyday is trying to see that we dedicated
Persecuted pushing pass the hurt
But we still in it 'cos he build the body
Body build the hallelujah church
Tryna hit us with the burnout
Trying our words down over time
We gon put the extra seventeen
Steve Curie with the overtime
We ain't worried 'cos we know the signs
Holy Ghost gotta know the rise
We're in a race, no motors boy
Man I'm still feeling mobilize

Every five hundred molds
They just running through my toes
Waiting till he say go
We don't go, till He says go

I got the energy. Energy, energy, energy, energy, energy, energy
I got the energy. Energy, energy, energy, energy, energy, energy
See, I'm gon tell them 'bout the remedy
Yeah! They killed Him like the Kennedy
Then He rose 'gain, somehow can it be
And He's coming back oh, Lord remember me
I got the energy. Energy, energy, energy, energy, energy, energy
