

It's You

Flame

Just think- just think about it
Won't you just think about it

J-E-S-U-S is more powerful than the whole U-S
Is
Can't do Him like Judas did
Cause if I did, that would be
What foolish is
I don't need all the fancy cars
I don't need
To win the Grammy Awards
Lord I need You
Cause when
I'm low and need a battery charge
All the Grammy on the
Wall will offer me will be feeble
I need You like a coat in the
Winter time
You're always faithful
Sure have been a friend
Of mine
I love Your table Ooo like it's dinnertime
Grace on
The plate I sure have got a sinner's mind
You bring life I
Presume with dying
Now I follow behind You like a funeral
Line
Never knew what love was
But a, sending Your Son
Was a beautiful sign

You (It's You, It's You)
I never wanna live another day without You
(It's You, It's You)
I thought my way and my life was lost without you
(It's You, It's You)
No love, no breath, no me without you
(It's You, It's You)
It's true I need you

Yes, J-U-S-T-I-F-I-E-D that's what we need to
Be
That'll get You in the presence of God
Then Heaven's
Like VIP only better though, O!
Nothing to compare to
Not
Even that feeling when you get a new hairdo
He spared
You if you're still alive
The perfect opportunity to spill to
God
I need You to get the props and praise
And never stop
You're the rock of ages
I attest to nothing you made was

Cropped or pasted
Creation jaw dropping amazing we
Imitate You
We need You just to see our way
Jesus Christ
Is our V-I-A
Cause we all gotta
Get ready for the
Bridegroom to come
We're kind of like the fiancée

You (It's You, It's You)
I never wanna live another day without You
(It's You, It's You)
I thought my way and my life was lost without you
(It's You, It's You)
No love, no breath, no me without you
(It's You, It's You)
It's true I need you

Been so good gotta bless my God
Can't keep quiet
Gotta testify
He's good to my heart like exercise
We must
Bow, we're in the presence of God
Now, He's flawless
He's
Perfect
He's awesome
Let's worship
Let's praise the ancient
Of days
And give our life as an offering and reasonable
Service
So you can keep the Benzo
We're much more
Pleased being Jesus' kinfolk
We're much more pleased
Being free from sins hold
We finally see what we need
Within most
I can't hold back
I gotta run this
Nothing
Healthy in the hood like Sun Chips
The Son dripped blood
From a cross
While thugs spill blood in the street
We all
Need Him

You (It's You, It's You)
I never wanna live another day without You
(It's You, It's You)
I thought my way and my life was lost without you
(It's You, It's You)
No love, no breath, no me without you
(It's You, It's You)
It's true I need you
Just think about it...

You know, Lord. We needed You... to die on the

Cross for our sins. And til this day, we still need you to give
Us grace. To give us strength - we need you.
