

## Update

Flame

It ain't workin' like it's 'posed to  
I can tell you 'bout the goal post, dude  
Stressin' got you up late  
I can tell you ain't get the update  
Hey, you ain't get the update  
Did you get the update?  
Better go and get the update  
Yeah, you just need the update, yeah

This all I know, this if yo' system is broke  
Or I know yo' system is slow  
Not just listenin', lil bro, somethin' is missin', lil bro  
Someone convinced, lil bro  
If you just let go, but so many stay with they own  
Stay in they comfortable zone  
So many livin' in fear, they don't hear  
When we tell 'em, "Never settle for the clone," hey, hey, hey  
If you were broke and I came in with the EMs  
And I put 'em in in the knick of time, hey, hey, hey  
If you were dyin' from disease and I came  
With the keys to the cure, would you die? I don't know  
Wait, are you gettin' everything  
Outta bein' human, bein' you and missin' out?  
So much that He made you whole  
Made you what you created for, relationship with Him is what it's 'bout, well  
l, you should know

It ain't workin' like it's 'posed to  
I can tell you 'bout the goal post, dude  
Stressin' got you up late  
I can tell you ain't get the update  
Hey, you ain't get the update  
Did you get the update?

I'm messin' when they Yeshua  
And He took me from a Nintendo to a PS4  
Covered me like a 2-inch frame  
And a 3X coat  
Befo' G.O.M., I was GMO  
Lost in BS with my GPS, bro  
But now we blessed from BX to the west coast  
To M-I-D-west with stones and TSO  
Had to give it up to the One who is greater than me  
As you can see, I'm still me, but to a greater degree  
Thanks to the One I'm praisin', stop tryna blow  
And got my buzz upgraded and my funds updated  
Got the haters showin' love, got my loved ones hatin'  
And I still ain't a baller, but I'm done pump-fakin', real talk

You got glitches and your system's down, yeah  
Overheated, I can see the screen is spazzin' out  
I got keys to see the scenic route, yeah  
It's from God's eyes, what you want?  
The sky is the limit, in five minutes, the instant bent  
Really pills to enter

When you find a stint when you in heaven and your breath centered on Led Zep  
pelin  
Jesus has you if you ever fall like a surge bar  
Well, you too can't fix you  
His Spirit like Bluetooth in you, what is life?  
Beat you up this mornin' and feel conviction and doubt  
And new Q, you couldn't never ask Siri for that

Hey, you ain't get the update  
Did you get the update?  
Better go and get the update  
Yeah, you just need the update, yeah

Last time I checked, we all came through the womb  
And we all leavin' through that tomb  
Last time I checked, we all so self-consumed  
That's for everybody in this room  
Last time I checked, we all costumed perfume  
'Cause we all wanna be tycoon  
Last time I checked, well, my clock's set to pew  
'Cause the Son of God comin' soon  
Last time I checked, we live beneath what He intended us to  
Ever since Adam sinned, we been bendin' the rules  
Whether white or black or a Indian dude  
He can draft you in through a Palestinian Jew, now update

It ain't workin' like it's 'posed to  
I can tell you 'bout the goal post, dude  
Stressin' got you up late  
I can tell you ain't get the update  
Hey, you ain't get the update  
Did you get the update?  
Better go and get the update  
Yeah, you just need the update, yeah
