Tell Me You Need Me

Fleetwood Mac

```
i don't care i have you
i love you and the things you do
tell me you need me please do
tell me you need me
listen dear i don't mind
if you feel you must act unkind
if you tell me you need me please do
tell me you need me
tell me tell me tell me that you need me

tell me tell me tell me that you need me
tell me tell me that you need me
tell me you need me tell me that you need me
tell me you need me tell me that you need me
tell me you that you need me
```
