

Sanguinica

Fleshless

Blood colour bright and red
my art of lust must be fed
I feel exciting pressure in my head
thirsty for torture
towards you my tracks are led

Skin as a canvas tint an ichor
carving the ideas into flesh so red
orgasmic chorus to breathless adore
sanguinic zodiac
my sign since i was born

Sanguinica
bleeding the art
slash tear and rip
my cumming heart
closer and further
kill f**k with steel
sanguinica
sanguinica in real

Wounds to f**k and your mouth to stitch
in open gashes I insert the leeches
pinned as butterfly an infection reached
sanguinica bleeding bloodsucking
an infested bitch

Sanguinica
bleeding the art
slash tear and rip
my cumming heart
closer and further
kill f**k with steel
sanguinica
sanguinica in real

Bones to f**k and your teeth to grind
cadaverine consumes all life easy to find
bloodless and clean eyes empty and blind
sanguinica gore guemica
sanguinica unsigned
