

# Never Say When

Fleur East

Ask for 24 hours, I need more than a day  
Shortcut to the finish line, I don't play that game  
If I ask for a minute, need 61 seconds  
Can't deny you make me selfish  
Forever should be jealous

Let's go missing, I'll take what you're giving  
All day, all night  
I'll never

Never say when, can't get too much anything else  
Never say when, when it comes to us don't wanna say no  
No, no, no, don't turn it up  
No, no, don't turn it down  
No, no, until I tell you to stop  
Give me all you got  
Never say when, when it comes to us don't wanna say no

If I ask for the ocean, don't give me the sea  
I'ma leave that door open, you don't need no key  
I need more than a moment, give me a lifetime  
I need a love that leaves me breathless  
Forever should be jealous

Let's go missing, I'll take what you're giving  
All day, all night  
I'll never

Never say when, can't get too much anything else  
Never say when, when it comes to us don't wanna say no  
No, no, no, don't turn it up  
No, no, don't turn it down  
No, no, until I tell you to stop  
Give me all you got  
Never say when, when it comes to us don't wanna say no

Can't get too high, can't get too low  
They say there's levels to this  
I wouldn't know  
We ain't to sky, we ain't to flow  
They say there's levels to this  
I wouldn't know

Never say when, can't get too much anything else  
Never say when, when it comes to us don't wanna say no  
No, no, no, don't turn it up  
No, no, don't turn it down  
No, no, until I tell you to stop  
Give me all you got  
Never say when, when it comes to us don't wanna say no.
